To: "James Philliposian (james.philliposian@gsa.gov)" <james.philliposian@gsa.gov>Cc: "William Dyck (wadyck@yahoo.com)" <wadyck@yahoo.com>, Ian Robertson
<ian@hendersonarchitectural.com>

Hi Jamie,

Please find the attached rendering describing adaptive reuse elements that can be achieved in the interior design if approved. We have also included some the recent photos taken of the building, as well as photos of finished examples of the like. This rendering shows the brick exposed at its full extent, keep in mind that we may have to cover some of the brick and add insulation depending on the energy efficiency calculations. Please distribute as needed and let us know your thoughts. Thank you.

We've exchanged points of view, and there's probably not much value in much more emailing, but I'll just offer my understanding from speaking with (b) (6) is that there layout/ operational benefits, besides the occupant satisfaction item, so that may justify a limited cost impact – it's in her hands to continue to work this, or drop it.

After substantial completion USCIS will take another 30 days to fully occupy the building. They reserve 30 days to install furniture, prepare IT & AV, equipment etc. Once they occupy the building it is much more difficult to gain access and usually requires USCIS employee escorts. Can your final commissioning take place prior to the full occupancy? Or are there some aspects that will need to be tested after the building is fully occupied?

The major building systems will be complete by the time US CIS takes possession, we can commission before they take occupancy. The only thing that would potentially not be able to do until after the tenant moves in is obtaining a building final, as the connections of the electrical systems to the modular furniture will require an inspection and obviously can't take place until CIS moves in. However, that won't affect any of the commissioning of the major systems so we should be good to go.

Great I will touch base with the artists that did the US SBA building and some others in the community. Besides the Fresno Green points for environmental certification there is also a good bit of good will that comes with it, the arts community is very strong in downtown Fresno. I will do some more research in the art community and get back to you.

Subject: Lady Liberty

Hi (b) (6) Please see the question from Will below. I like the idea. Would this work for USCIS?

Question regarding the Lady Liberty wall at the entry. I know you have a giant digital graphic you have used before, its a cost effective and easy install. Is or would there be any interest in commissioning an artist to paint Lady Liberty in a realistic mural form in the lobby? I would potentially be willing to pay the cost of it. The reason I'm asking is we will likely be doing a mural at the alley in the rear of the building to satisfy the "public art" component of Neighborhood influence section of Fresno Green. PS the building is located in the "Mural District" of Fresno. As the lobby of the federal building is technically a public space it qualifies for the requirement. On the SBA building they elected for 4 murals along the alley of their building. The Federal Courthouse downtown did quite an extensive commissioned art exhibit in their public areas. I just thought it may be a way to hit two birds with one stone. Your thoughts?

Question regarding the Lady Liberty wall at the entry. I know you have a giant digital graphic you have used before, its a cost effective and easy install. Is or would there be any interest in commissioning an artist to paint Lady Liberty in a realistic mural form in the lobby? I would potentially be willing to pay the cost of it. The reason I'm asking is we will likely be doing a mural at the alley in the rear of the building to satisfy the "public art" component of Neighborhood influence section of Fresno Green. PS the building is located in the "Mural District" of Fresno. As the lobby of the federal building is technically a public space it qualifies for the requirement. On the SBA building they elected for 4 murals along the alley of their building. The Federal Courthouse downtown did quite an extensive commissioned art exhibit in their public areas. I just thought it may be a way to hit two birds with one stone. Your thoughts?

On our last group call, USCIS indicated that we could eliminate the millwork for the lobby information desk and the guard area. Please confirm if we can remove these from the architects D I D set.

Hi Jamie,

Please find the attached rendering describing adaptive reuse elements that can be achieved in the interior design if approved. We have also included some the recent photos taken of the building, as well as photos of finished examples of the like. This rendering shows the brick exposed at its full extent, keep in mind that we may have to cover some of the brick and add insulation depending on the energy efficiency calculations. Please distribute as needed and let us know your thoughts. Thank you.

Hi Jamie,

I hope you had a good Thanksgiving. Good things have happened this week and I am able to perfect my offer at this time. Our structural engineers were able to verify the buildings Benchmark Status when it was renovated for the State of California in 2000. Please find attached:

Signed RLP Amendment #1

Revised Form 1364

Engineers Certified Seismic Form A

Please confirm you have received these and let me know if you need anything additional. Have a great day.

Date: Tuesday, November 20, 2012, 4:56 PM

Will,

(b) (5)

Additionally, if the proposed building is considered a "Benchmark Building", an engineer can complete Seismic Form A to fulfill seismic requirements. A benchmark building is one that was designed and built or retrofitted in accordance with structural provisions that are considered to provide acceptable life-safety protection. RP 8, Section 1.3, Table 1-1 (see below) shows the construction codes that qualify a building as a Benchmark Building. If a building qualifies, no additional hazards need be considered.

Please sign the RLP amendment and return to me (via email is acceptable). Please let me know if you have any questions. Thank you.

Table 1-1 Benchmark Buildings

	Model Building Seismic Design Provisions					FEMA 310/ ASCE 31 ^{10, 11}	FEMA 356/ ASCE 41 ^{7,8,10,11}

OK. I think it would be a nice local touch for the office and promotion for Fresno Green. Maybe post-occupancy when you start to develop a relationship with the local group. If we ask CIS now they'll want to review it and make things more complicated than they need to be.

Hi Jamie,

Just wanted to touch base on a few things. Everything is going smoothly in Fresno.

Hi Jamie,

The lot is owned by the City of Fresno and operated by ACE Parking. It is general public parking and utilized by neighboring businesses and for stadium events which is 1 block to the South of it. It is not a heavily used lot and has a good amount of space available on a daily basis.

Will

Attachments: recisfresnodesignkickoffmeetingagenda.zip

Will & Dave:

As you can see in the meeting minutes and lease contract, the first post-award activity is the USCIS schematic design phase. We got a jump start on this while working with you on the test-fit drawing.

The latest USCIS schematic layout is attached for your review. This layout was not completed by an architect so we are looking for architectural feedback for fire/life safety issues, ADA (I saw a lot of comments on door swings in my last CIS project), and any other local code or building specific item (such as a sheer wall that can't be moved) that we missed.

We also want to compare this to the last test fit that Dave provided. I want to make sure that if any program requirements were reduced or eliminated, CIS is aware and approves before we finalize DIDs.

Thank you Will. This looks great. At the completion of commissioning I'll need copies of all the reports, inspection cards, etc. with the close out documents. Does the City of Fresno have a plaque or some sort of certificate that we might be able to display in the lobby or entrance glass once the project is complete?

The GSA Online Scheduling System should be used to make appointments to visit a USAccess Enrollment Center. This guide provides instructions on how to use the system to make an appointment to enroll for your card or to pick up/activate your card. It also explains what to do if you've forgotten your username or password for the GSA Online Scheduling System.

1. Visit GSA Online Scheduling System Web Site

The Web URL (<https://app3.timetrade.com/tc/login.do?url=usaccess>) is included in the USAccess e-mail prompting you to make an appointment.

2. Choose Location/Credentialing Center To Visit

- To select a center, enter a location nearest you.
- Click on the radio button next to the site.
- Click **Next** on bottom right corner of screen.

NOTE: Select a center that is available for your use. Centers marked “Shared” are open to all USAccess Applicants. Centers marked “Only” limit use to only employees and contractors of that Agency.

3. Select Type Of Appointment

- In the **Activity** drop down box, select type of activity:
 - Enrollment—To enroll/submit fingerprints
 - Card Pick Up—To pick up card or activate a card
 - Card Update
- Click “Continue”

4. Select Day & Time For Appointment

- From the calendar, select a day and time from the drop down lists that suits your schedule. Click "Continue"
- You are prompted to enter your contact information. All fields are required to proceed to the next screen. Click "Continue"

Select a Date and Time:

February 2014

Week Month Location: Treas/IRS Only - 7050 S

Sun	Mon	Tue	Wed	Thu	Fri	Sat
26	27	28	29	30	31	1

5. Schedule and Confirm Appointment

- The Applicant is then prompted to schedule the appointment.
- Once confirmed, a confirmation message appears on screen. As what occurs today, a confirmation email is also sent to the address used on the Contact Information screen to make the appointment.
- You may import your appointment into your Outlook calendar or iCal.

6. To Cancel Appointment

- The Applicant must enter in the confirmation number of the appointment. This information is located in the confirmation email they received when making the appointment.
- Enter requested information, click "Find"

7. To Modify/Cancel or Reschedule Appointment

a. Log in to GSA Online Scheduling System.

** Scheduling

<https://timetrade.com/app/usaccess/workflows/usaccess001/schedule/?appointmentTypeGroupId=hsdp12>

** Modifying/Cancelling

<https://timetrade.com/app/usaccess/workflows/usaccess001/find>

b. Click on **Cancel It** or **Reschedule** according to desired action and follow instructions onscreen.

Sent: Monday, September 16, 2013 9:18 AM
Subject: OPM e-QIP INVITE FOR Dyck, Wi iam (b) (6) - Ba tara Enterprises LP

Name: Dyck, William (b) (5)

e-Qip Request Number: (b) (5)

have been invited to complete the Office of Personnel Management's Electronic Questionnaire for Investigations Processing (e-QIP). The DHS Federal Protective Service (FPS) has been directed to complete a background investigation using a standard form SF-85 questionnaire, for the purpose of determining your suitability. You will have up to seven (7) business days to login and complete the e-QIP for the background investigation.

Note: It is recommended that you download the latest version of Adobe Acrobat Reader at: <http://get.adobe.com/reader> to avoid any potential printing problems with PDF forms. The e-QIP is compatible with all major web browsers.

Before you enter the e-Qip, you must review the "[Quick Reference Guide for e-QIP Applicants.](#)"

Action 1

Enter the e-QIP at <http://www.opm.gov/e-qip> and follow the instructions below:

1) If you are a first time user, click on the button "Register for Username and Password."

Enter your Social Security Number.

You will be asked (3) Golden Questions.

Next you will create and confirm a Username and Password.

Next you will select three (3) Challenge Questions that can be used in the event you forget your password.

If you have forgotten your Username or cannot answer the three Challenge Questions, you need to contact the FPS Suitability Helpdesk for assistance. Helpdesk contact information is provided below.

Action 2

Follow the onscreen instructions to complete the e-QIP. Follow the below recommendations to complete and accurately fill out the standard form and ensure the timely processing of your background investigation

2) Use the save function often and answer all applicable questions.

U.S. born applicants should provide their mother and father's full name and their date of birth after Section #14 in the comments section of the standard form.

If you log off without completing the e-QIP, and return at a later time, you will be able to resume where you stopped.

Print and sign the two (2) Signature Forms (Certification That My Answers are True and Authorization for Release of Information). To complete the submission process, press the "Release Request/Transmit to Agency" button to finalize your application and exit e-QIP. After this step, you will no longer have access to the standard form.

Action 3

After completing the e-QIP, send the original signed documents listed below to your company representative or to your local GSA Field Office. Please note that FPS cannot process your case until all documents are received.

- 3) Two (2) FBI Application Fingerprint Cards (Form FD-258) or one (1) card produced by a livescan device.

Certification That My Answers Are True.

Authorization for Release of Information.

Declaration for Federal Employment (OF-306). Please answer all the questions. You can find a PDF copy of this information at the following website:

<http://www.opm.gov/forms/htm/of.asp> and then by clicking on the "FILLABLE" icon located to the right of the OF-306 form.

e-Qip Birth Verification Additional Form which is attached to this email.

Helpdesk: You may email the FPS Suitability Helpdesk at FPSSuitabilityHelpdesk@dhs.gov or leave a voice mail at [\(877\) 377-6974](tel:877-377-6974) with your e-QIP Investigation Request/Invitation #, your personal contact information, and the best time to contact you. The Helpdesk staff business hours are Monday thru Friday (except holidays) from 8 AM until 6PM Eastern Time Zone.

Note: The e-QIP must be filled out by the applicant or with the assistance of an authorized third party. United States Code provides for criminal and/or financial penalties if the information on this form is proven to be deliberately falsified [[18 USC § 1001](#)]. The privacy of the applicants' personal information must not be compromised by any person(s) assisting the applicant.

Will:

The contact that I've discussed flooring with from Shaw is Key Messenger. Her contact information is below. I've attached the GSA schedule contract.

Key Messenger
VP Global & Strategic Accounts
Government Sales - West U.S.
[323.203.7165](tel:323.203.7165)
key.messenger@shawinc.com

As I mentioned, I personally do not have the authority to grant any approval to utilize our contract; however, the manufacturer may agree to honor these rates in a separate agreement between your contractors and the manufacturer.

It looks like the attached document is just for carpet. There may be other GSA schedule contracts for VCT, porcelain tile, recycled rubber flooring, etc. Key may be able to point us in the right direction.

Also, do you know who the manufacturers were that Target's subs were looking at for the recycled rubber flooring? If you can let me know the manufacturer's names, I can look up to see what we have on contract.

Thank you,

Jamie Philliposian, PMP

24. Shaw Industries is the world's largest carpet manufacturer, with products including rugs, hardwood, laminate and ceramic tile for residential and commercial applications. Shaw is an expert in numerous market segments with products positioned specifically for unique environments. A recognized leader in environmental stewardship, Shaw has implemented hundreds of sustainability initiatives and cradle-to-cradle design solutions, collectively termed the Shaw Green Edge™.

Through a closed-loop cycle, our carpet products are completely recyclable. It's a revolutionary design process that mimics nature, with carpet designed to be remade into carpet, preventing landfill waste. That's cradle-to-cradle design.

Our carpet's main components, Eco Solution Q nylon and EcoWorx backing, are completely recyclable into new carpet. This returns post consumer materials back to Shaw, in the process preserving raw materials and keeping carpet from landfills. Not only have we designed our carpet to be recycled, we've also developed a collections network, established an international environmental guarantee to recycle all EcoWorx products at no charge, and implemented processes to recycle nylon through our Evergreen Nylon Recycling Facility.

EcoWorx tile backing is a PVC-free, completely recyclable performance backing with 40 percent recycled content. EcoWorx is the strongest, most durable tile backing – 5 times the tensile strength, 8 times the tear strength and 2 times the delamination strength of traditional PVC-backed tiles. EcoWorx Broadloom and EcoWorx Performance Broadloom bring the performance and recyclability of EcoWorx to the larger broadloom market. With 20 percent recycled content, these backings are recyclable into new EcoWorx. All EcoWorx products are backed by Shaw's environmental guarantee stating that we will collect and recycle all EcoWorx products into more EcoWorx, at no charge to the customer. All of these products are Cradle to Cradle Certified and have a lifetime commercial warranty.

Eco Solution Q nylon fiber is the industry's only Cradle to Cradle Certified, completely recyclable fiber. Available in over 200 colors, Eco Solution Q delivers excellent cleanability, stain resistance and performance. Containing 25 percent recycled content, Eco Solution Q is recycled at the Evergreen Nylon Recycling Facility to be made into new nylon, which prevents carpet from being sent to landfills.

Shaw Environmental Awards and Recognitions

- 2010 GSA Evergreen Award in the Furnishings category
- 2008 Air & Waste Management Association-Georgia Chapter Corporate Environmental Award
- 2008 Interior Design NeoCon Green Stars Award for Design Lab
- 2008 Sherwin-Williams Vendor Green Steps Award
- 2007 Carpet America Recovery Effort's Large Recycler of the Year
- 2007 Carpet America Recovery Effort's Person of the Year – Russ Delozier, Shaw's post consumer carpet collection manager
- 2007 Sustainable Business Institute's Seal of Sustainability
- 2007 Greenbuild International Conference & Expo Green Exhibitor Award
- 2007 Green@Work magazine's "Greenbuild Top 25" list
- 2007 Fast Company "Fast 50" list which recognizes companies with profit driven solutions for what ails the planet

- 2006 Global Society of Plastic Engineers Design for Sustainability Award
- 2006 Global Plastics Environmental Conference Environmental Stewardship Award in the category of Design for Sustainability
- 2005, 2006, 2007 and 2008 California Waste Reduction Awards Program
- 2005 EPA Certificate for Cooperative Conservation
- 2005 GSA Evergreen Award in the Furnishings category
- 2005 North Carolina Sustainability Award in the category of Product Stewardship
- 2003 Environmental Protection Agency (EPA) Presidential Green Chemistry Award
- 1999 NeoCon Most Innovative Product Award
- 1999 Georgia Governor's Award of Pollution Prevention

Please see the USCIS and GSA comments included in this email. I would like to hold a clarification meeting on Thursday at 9AM. Please let me know if that works for your team.
(b) (5)
USCIS let me know that their security group has not yet approved this change so they do not want to show it in the drawing yet. We will clarify this on Thursday.

Based on the updated schedule attached, the 2nd DID iteration is due back to the Government on Thursday 6/12/14. Please let me know if you can meet this delivery date.

Hi Peter,

My name is William Dyck and I'm the new landlord of US Customs & Immigration services at 1255 Fulton Mall in Fresno. Jamie Philliposian our contracting officer asked we start submitting for security clearances and we are collecting the employee info for persons who will be servicing the site when they move in Spring 2014. Our janitorial contractor Janitorial Inc. had a question. They are the existing janitorial contractor for CIS at their current 1171 Fulton Mall location. The janitorial staff will be moving buildings right along with the tenant. As all of their employees are already cleared and on file for CIS Fresno, do they need to resubmit everything for the new location?

Will

Will:

Did you begin the security clearance process for yourself and any regular maintenance guys you might have? It's a good idea to start now. USCIS is very strict about working and escorting contractors in their space ...especially on the employee side of the space.

Hi Jamie,

Thank you for the reminder. I will collect the info and start the process this week. Thus far I know we will need:

Myself

Target Constructors Superintendant - Will be responsible for repairs/maintenance after completion
Janitorial Staff

What info do we need on each, name, company, company address, home address? Social security number?

Who do I submit to, direct to you?

Subject: G S A - T I 744 P Street - 65% C D s

Good Morning Jamie and (b) (6)

The 65% CDs (hard copies and a disc) were mailed via FedEx overnight yesterday so you should be receiving them today. I have attached the updated spreadsheet with the DID review comments response for your review. The low voltage plans are currently out to bid and our team will have more specifications after the contractor is selected. Furthermore, we have received the last few material samples to complete the color boards and we will be sending that out to Denise this week. Please let us know if you have any questions. We might plan for a coordination meeting early next week after you have had some time to review the plans and color board, just let us know. Thank you and have a great day.

Will-

Attached is CIS' preliminary test fit mark-up. I would like to get your feedback to see if you think this will work. CIS would also like to know clarify how big the columns are and if they can be modified to be smaller. Also, they asked which walls could be demoed around the stairwells. Thanks.

The last budget estimate the Lessor provided was based on the 35% drawings. They are competitively bidding security and IT right now. Once we receive those bids, I'll ask for an overall budget estimate update.

The last budget estimate the Lessor provided was based on the 35% drawings. They are competitively bidding security and IT right now. Once we receive those bids, I'll ask for an overall budget estimate update.

Hi (b) (6)

Assuming that we receive the drawings today, based on our contract we will have until Thursday, August 7th to deliver comments to the Lessor. It would be best if you could provide comments to me by Wednesday August 6th so I can consolidate C I S and G S A comments for delivery to the Lessor.

Thank you,

Jamie Philliposian, PMP

Good Morning Jamie and (b) (6),

The 65% CDs (hard copies and a disc) were mailed via FedEx overnight yesterday so you should be receiving them today. I have attached the updated spreadsheet with the DID review comments response for your review. The low voltage plans are currently out to bid and our team will have more specifications after the contractor is selected. Furthermore, we have received the last few material samples to complete the color boards and we will be sending that out to (b) (6) this week. Please let us know if you have any questions. We might plan for a coordination meeting early next week after you have had some time to review the plans and color board, just let us know. Thank you and have a great day.

Good news also that the delivery / pick up is primarily fed ex, ups et al, so the vehicles are more likely to fully fit inside the interior bay. . .

Mark,

Can you please provide the estimated total ABOA SF
for the test fit you have provided. Our lease
requires a maximum of **23,716** of American National
Standards Institute/ Building Owners & Managers
Association Office Area (ABOA) square feet (SF).
Space measurements are based on ANSI / BOMA
Z65.1 - 1996. Based on the original CAD provided, I
believe this test fit would exceed our maximum SF.

Dear Jamie,

Thank you and the CIS team for the clarifications and additional information in the last week. Please find attached a revised test fit for 1255 Fulton adhering to the updated Fresno Room Matrix provided 10/31/12 and subsequent emails. This 23,700 sq.ft. ABOA USF layout demonstrates compliance with your total square footage allowances and room specific design and adjacencies. We look forward to working with you on this project.

Hello Jamie,

I received the USCIS comments and we are currently working out the floor plan revisions. It looks like we are pretty close! I have some questions regarding the interior design, and bringing some of the exterior elements into the interior. We have an opportunity to implement some fun industrial reuse design and keep some exposed columns and/or redbrick if possible. I think the redbrick will go well with the selected "southwest" color scheme. I'm just not sure how liberal we can get with the industrial reuse architectural style on the interior, if at all. We're available for a conference call if needed; we will also have the revised floor plan ready for review early next week and can discuss that as well. Thank you!
